

Softball tryouts are Monday 3/21, Tuesday 3/22, and Thursday 3/24. You must have your permission slip turned in or you can not tryout. We will be outside so it is always weather permitting. There is no gym/cafeteria time available. We will make a decision by 2:00 pm if the weather is too poor for outdoor activities. Remember, it is March and we will be outside so dress with warm clothes, even winter hats. You can take off what you have on but you can't put on what you don't have.

Where will we be? We are not sure yet. We will either be on the field outside of the fourth grade wing adjacent to the senior center parking lot. We may even be in the parking lot. We may be on the old softball field in back of the school. Or we may have to go over to the meadows. We will always return to the school before being dismissed. Students will be released at the front door of the school.

Things that you should bring to tryouts.

- ➔ You, along with some warm clothes and a good attitude.
- ➔ A water bottle even if empty. You can fill the water bottle from a fountain before we go outside.
- ➔ A glove.
- ➔ Cleats and sneakers, if you don't have cleats sneakers will be OK for tryouts. Sneakers in case we really are in a parking lot.
- ➔ Any medications that are listed on your permission slip if necessary. Inhalers, EpiPens etc. We have no access to supplies in the nurse's office so we need our own supplies of your medications.

You can find more softball information on the school website. Please check frequently as information such as schedules can change.
